DOXY 100™

Doxycycline for Injection, USP

equivalent to

100 mg per vial

Doxycycline

For intravenous infusion only.

**MUST BE FURTHER DILUTED
AFTER RECONSTITUTION.**

Preservative free.

10 x Single Dose Vials

Rx only

Sample label.
Please see
package insert
for complete
prescribing
information.

Sterile, lyophilized.

Each vial contains: Doxycycline hyclate equivalent to 100 mg doxycycline, ascorbic acid 480 mg, mannitol 300 mg.

Reconstitution: To prepare a solution containing 10 mg per mL, the contents should be reconstituted with 10 mL of sterile water for injection or any other intravenous solutions listed in the insert. Each 100 mg of doxycycline must be further diluted to at least 100 mL of the intravenous solution.

Usual adult dosage: 200 mg on the first day followed by a maintenance dose of 100 to 200 mg per day depending upon severity of infection.

For use in children see package insert.

STORE AT: 20° to 25°C (68° to 77°F) [see USP Controlled Room Temperature]. Protect from light (keep in outer carton).

After reconstitution: Solutions must be stored and used within the time periods listed in the insert or discarded.

Protect solution from direct sunlight during infusion. See package insert for full information.
